

AMERICA, IN THE HANDS OF A RIGHTEOUS GOD

The Lord saw that the wickedness of man was great in the earth, and that every imagination and intention of all human thinking was only evil continually, and the Lord regretted that He had made man on the earth, and He was grieved at heart; so the Lord said I will destroy, blot out, and wipe away mankind, whom I have created from the face of the ground- not only man, [but] the beasts and the creeping things and the birds of the air- for it grieves Me and makes me regretful that I have made them (Genesis 6). However, Noah was found righteous before the Lord; he and his family were saved from the flood which destroyed the entire earth. Many years of Noah's warning the people of the coming judgment from the Lord, didn't turn their hearts to God. Consequently, God destroyed everything, man, vegetation, and animals through a great flood. He preserved the animals, which came to Noah on the last days before the flood came. After Noah and his family, together with the animals entered the ark, the rain started to fall; people assembled together to plead with Noah to open the ark; Noah then answered them with a loud voice, saying, "Have you not all rebelled against the Lord, and said that he does not exist? Therefore, the Lord brought upon you this evil, to destroy and cut you off from the face of the earth" (Jasher 6:18-19).

The Bible says that the Lord is longsuffering and compassionate. Amazingly so! Reason why the world has not been destroyed. Time and time again, God sends prophets, preachers, and messengers to warn of coming judgments, so men will repent and be saved from the destruction. He spared Nineveh, an Assyrian wicked city at the last moment, in which more than 120,000 persons did not know their right hand from their left, and also many cattle (Jonah 4:11). God was concerned even for His creation as in the animals, not accountable for sin. Sodom and Gomorrah and other cities became exceedingly wicked before the Lord. They provoked Him through their abominations; their wickedness was great before the Lord. The time came when the Lord rained on Sodom and on Gomorrah brimstone and fire from the Lord out of heavens. He overthrew, destroyed and ended those cities, and all the valley and all the inhabitants of the cities, and what grew on the ground. But God saved Lot and his family by removing them from the path of the city's destruction.

Over the years the world came up with four Empires that dominated the world for a period of time. These empires conquered and destroyed many lives. They are called four great beasts seen in the vision by Daniel. The first was like a lion and had eagle's wings. (The Babylonian empire under Nebuchadnezzar), the second, was like one was like a bear, and it raised up itself on one side and three ribs were in its mouth between its teeth; and it was told, Arise, devour much flesh (the Medo- Persian empire). After Daniel saw another (the third) like a leopard which had four wings of a bird on its back. The beast had also four heads and dominion was given to it. (The Grecian empire of Alexander the Great); The fourth beast Daniel describes as terrible, powerful and dreadful, and exceedingly strong; it had great iron teeth; it devoured and crushed and trampled what was left with its feet. And it was different from all the beasts that

came before it. And it had ten horns [symbolizing ten kings] (Daniel 7). It extended from Great Britain to Iraq. Roman, the last beast empire, reigned in the time of YAHSHUA. They, under the authority of the Jewish nation, crucified our Lord. The former territory of the Roman Empire broke up into independent nations: three of them were Great Britain, France, and Spain. These countries came to exploit natural resources. The United States, Great Britain's colony, became part of the Roman empire. Later independent from Britain, the United States became a powerful world leader to this day. Much is said and learned concerned its history, but confusion abounds widely about it. America is the world leader of today. Every country we visit, we see the influential power of the United States. The One-dollar bill tells the reason why this country exists: One World Order.

Pilgrims from Britain fled the country because of persecution and made their home in the United States of America- "the land of the free and home of the brave." That happened one hundred and fifty years before America's government was established. Beautiful in many ways, it carries many traditions from several countries, for America has received people from all around the world. One cannot feel the evil permeating this country, for its freedom and privileges it offers to its citizens. Liberal in its giving, it embraces many countries financially, for its total control. America has over one thousand military bases established in many countries. Always involved in wars to accomplish its goal of establishing One World Order in the near future. America's sons and daughters have given their lives not for freedom, but the sake of future One World Order, when America will have complete control of the world. "One nation under God" is far from the truth. Underneath these words the truth is suppressed to promote a fake freedom of religion. The statue of Liberty – Lady Liberty holding a torch in the New York Harbor for all tourists to see, is a symbol of the Masons.

AMERICA AS THE MYSTERY BABYLON

"Babylon is the originator of idolatry and of spiritual fornication. The term the "Mother of Harlots", means that Babylon is where idolatry and spiritual fornication began. (Genesis 10:8-12). Nimrod, descendant of Ham, son of Noah, was the Babylon empire builder. Babylon will develop into a one-world unified religion, and will rule the world religiously for the first half of the Tribulation; it will be supported by the governments of that day and it will be the primary persecutor of believers who will not submit to its religious authority. We compare New York to Babylon, for its influence worldwide. New York is considered the capital of the world with its representation of the statue of Liberty, which is of great international meaning, is located in New York Harbor, in Central Park. **It is a brotherhood symbol, highlighting the lighted torch.**

The statue of Liberty is actually called the statue of Liberties. The windows in the crown are intended to symbolize gemstones found on the earth and the heaven's rays shining over the world; the seven rays represent the seven seas and continents of the world. The statue of Liberty is the template of the Babylonian Ishtar, the Imperial Rome's goddess Libertas, it was modeled closely on the Colossus Rhodes, (a gigantic stature, especially that of Apollo set at the entrance to the harbor of Rhodes 280 B.C.) –an image of Helios, the sun god. The statue of Liberty was conceived by Freemasons, financed by Freemasons, built by Freemasons, and installed by Freemasons, in a Free Masonic ceremony.

New York City is a global hub of international business and commerce and is one of three "command centers" for the world economy. In 2008 it was the largest financial center in the world. Considered by most, America is a land of utopia. It has adopted its laws on Plato's philosophy, defined as democracy, where the mutual benefit is shared between citizens and state. This constitutes a perfect political and social system, embodied on the number 5,040, which Plato's city of Magnesia was built on. Magnesia, like New York, was a city of great commercial influence. Magnesia was designed on the perfect value embodied on number 5,040. This number connects it to New York City in the significance of its distance to the Temple in Jerusalem. The distance between the Temple in Jerusalem and the statue of Liberty, is 5,706 nautical miles, which is the perfect value embodied on the number $5,040 + 666 = 5,706$.

America was born in 1776, a number which is twice 888, the number in Greek letters for Jesus. According to the occult elite, America's supernatural reason for being was to initiate the Second Coming of Christ. The United States of America was chosen from the beginning to lead the world into the kingdom of the antichrist. This was the spiritual design for America at its inception. The occultic version of Jesus is that He is the incarnation of Lucifer; His death on the cross is represented in the framework as the symbol of Mercury, or Caduceus, which is the winged staff with two serpents twined about it, carried by Mercury. Mercury number is 88, because it takes 88 days for this planet to make one revolution around the sun. It is the planet closest to the sun. Another perverted version of Christ in this occultic belief is that Jesus is Mercury; the Greek Helios (the god of the sun), is His superior and they consider the arrangement to be parallel to Christ's relationship to God the Father meaning, father Lucifer, the god of light and the son, Mercury, bringer of the light.

The spiritual design for America at her inception is seen in her capital, the District of Columbia, Washington. The location of Washington DC was selected according to the doctrines of mystical toponym, the occult significance in earth location. The whole Washington DC complex was arranged in latitude and longitude related to the number 77. (Add one in the beginning and a six at the end of 77, you have the year of America's birth, and it makes 16, a number of great meanings to the Freemasonry. 16 is 4×4 , the four elements of the world: fire, water, earth and air.

The street design of Washington DC has been laid out in such a manner that certain Luciferic symbols are depicted by the streets, cul-de-sacs and rotaries. The design was created in 1791, a few years after Freemasonry assumed the leadership of the New World Order, in 1782. When Pierre Charles L'Enfant laid out Governmental Center of Washington, DC, he planned more than streets, roads, and buildings. Being a Mason, he planned to include certain occultic magical symbols in the layout of U.S. Governmental Center. So it was and it is that the purpose of America being is for the establishment of the New World Order. One must think that America to achieve such purpose it must be controlled by Freemasonry, the chief and CEO of the idea at her inception, the creators of America. "One Nation under God"! One wonders which god. The most influential Freemason President was said to be Franklin D. Roosevelt, who did more to advance the cause of the New World Order.

The Great Seal of the United States of America was designed by the Freemasons; therefore, it contains a mass of symbolism, which one cannot understand. The Freemason and some of their mysteries have descended from ancient Egypt, whose mysteries descended from Babylon. Reason why there is a pyramid on the one-dollar bill. **THE MASONIC FOUNDED AND CONTROLLED CULTS OF THE JEHOVAH'S WITNESSES AND MORMONS HAVE ALSO ADORED THE GREAT PYRAMID."**

The Babylonian king experienced a final warning for him and his country. While drinking and praising the gods of gold, silver, of bronze, iron, wood and stone, a suddenly appeared the fingers of a man's hand and wrote on the plaster on the wall opposite the candlestick in the king's palace, and the king saw the part of the hand that wrote. The king's face changed and his thoughts troubled and alarmed him; the joints and muscles of his hips and back gave way and his knees smote together. This is the interpretation of the matter: MENE, God has numbered the days of your kingship and brought them to an end. TEKEL, You are weighed in the balances and are found wanting; PERES, Your kingdom and your kingship are divided and given to the Medes and Persians. During that night Belshazzar the king of the Chaldeans was slain (Dan. 5).

Soon America will notice the warnings on her walls. Meanwhile, it will play the harlot as the mystery Babilonia. There is much to write about the spiritual condition of America. Americans have been deceived by so called Christian terms, as Mason infiltrated the pulpits of the churches, their teachings positions and many other positions of authority in the churches. **Who has an ear to hear, let him be listening!**

The Eagle (A Lament)

Powerful once
Alone at a glance
Flying to and fro
Searching, he goes
But comfort not around

His siblings
Nowhere found
Night comes over
To what used to be
His abode high above all
Lies now low
On the floor
He gathers the pieces
Carrying them high
Oh! what a sight!
No more trees,
He sighs with a cry!
His wings a symbol
He thought of strength
So, he must not relent
Flying, he soars until
Reality, the window
He looks through
Shows him the nothing
His world became
Alone, he stands
His strength gone
Solitude, his only friend
Not by might,
Not by power
But my Spirit
Says the Lord
To a nation once
Mighty and strong
But it is no more!
